## 100 Cases In General Practice

The aim of the 100 Cases series is to provide a novel learning and revision tool that works by guiding the student through clinical cases, imitating those that students and Foundation Year doctors are likely to meet in a general practice setting. The cases are written to interest students in clinical problems, and to help them develop their skills of clinical reasoning with each scenario providing details of a patient's medical history and the key findings of a clinical examination,
