Amazon.com: An Introduction to Theories of Personality ...

Theory explains how some aspect of human behavior or performance is organized. It thus enables us to make predictions about that behavior. The components of theory are concepts (ideally well defined) and principles. A concept is a symbolic representation of an actual thing - tree, chair, table, computer, distance, etc.

Introduction to theory

An Introduction to Theories of Human Development examines the development process, looking at the series of changes that occur as a result of an interaction between biological and environmental factors. Why might our behavior as an adult be so different from when we were infants? Why and how does one stage of development follow the next?
