Archaeology and Colonialism: Cultural Contact from 5000 BC ...

In light of this predicament, the article tackles three problems with treating colonialism as culture contact: (1) emphasizing short-term encounters rather than long-term entanglements, which ignores the process and heterogeneous forms of colonialism and the multifaceted ways that indigenous people experienced them; (2) down-playing the severity of interaction and the radically different levels of political power, which does little to reveal how Native people negotiated complex social ...

Culture Contact or Colonialism? Challenges in the ...

Archaeology has been exploring the interaction of peoples and cultures from early times, but only in the last few decades have cultural contact and material world been recognized as crucial elements to understanding colonialism and the emergence of modernity. Modern colonialism studies pose questions in need of broader answers.

Communities and Archaeology in Africa - Oxford Research ...

Technology, environment, and society have always been intimately connected in Australia, from the earliest arrival of modern humans almost 50,000 years ago to the settlement of Europeans since 1788. Colonists from Britain quickly learned the lessons of the natural environment in terms of thin soils and erratic rainfall. These factors placed real limits on settlement and industry, but also ...
