CoreIDRAW Graphics Suite - Tutorials

I set up a page, and then I typically make guidelines that match the page edges. I add a second set of guidelines at 1/8 inches outside the edge of my page and make certain that I extend all edge-touching to these guidelines. You end up with a page that is 8.75x11.25 in size so you have to output your PDF to a larger paper size.

How to Reset Coreldraw Settings - YouTube

CoreIDRAW has two types of color management settings: default settings for color management and document color settings. The default settings for color management control the colors of new documents and any documents that do not contain color profiles (also known as "untagged documents"). Documents that were created in earlier versions of CoreIDRAW are treated as untagged.
