great ways to ensure that students have opportunities to engage in critical and reflective thinking in the classroom:

3 Ways to Promote Student Reflection - Kids Discover

When students are faced with a perplexing problem, reflective thinking helps them to become more aware of their learning progress, choose appropriate strategies to explore a problem, and identify the ways to build the knowledge they need to solve the problem.

How do I promote student reflection and critical thinking

Reflection can't be forced, but it is a habit that can be instilled. Build reflective practice by stopping work periodically and encouraging students to record their thoughts about what they've learned. You can boost the reflection by having students share their thoughts with a peer - in person or in a video conferencing breakout room.
