### Driven By Data A Practical

Data-driven decision-making has descended to the level of jargon in education these days but, done right, it is one of the most powerful tools in a school's arsenal. Unfortunately, too many schools don't do it right and have tarnished a great idea. At North Star, Paul Bambrick-Santoyo has made it work.

### Driven by data : a practical guide to improve instruction ...

Data-driven instruction is the philosophy that schools should focus on two simple questions: how do you know if are students learning? And when they are not, what do you do about it? Driven by Data 2.0 is a practical guide that answers these questions to empower schools to achieve significant gains in student achievement.

### Driven By Data 2.0 - Uncommon Schools

The ideas presented in Driven by Data are not based on a theoretical model, but rather come from the practices of schools that, using data-driven instruction, have achieved dramatic gains in student performance. There are many vignettes throughout the book describing how actual schools achieved impressive results using a data-driven approach.
