systems applications to increase energy savings and improve indoor environmental quality.

HVAC Design and Operations Training - ASHRAE

Here's why you want good HVAC design: You'll get a new heating and cooling system that is sized properly. Most new air conditioners are oversized, which

Acces PDF Small Hvac System Design Guide

means they don't dehumidify as well and can break down sooner. You'll get a distribution system that delivers the right amount of conditioned air to each room. Many contractors skimp on this ...
