What Is The Purpose Of

To psychologists, purpose is an abiding intention to achieve a long-term goal that is both personally meaningful and makes a positive mark on the world. The goals that foster a sense of purpose are ones that can potentially change the lives of other people, like launching an organization, researching disease, or teaching kids to read. Our sense of purpose will change over the course of our ...

What Is Your Purpose in Life? | Psychology Today

Your life purpose consists of the central motivating aims of your life—the reasons you get up in the morning. Purpose can guide life decisions, influence behavior, shape goals, offer a sense of direction, and create meaning. For some people, purpose is connected to vocation—meaningful, satisfying work. For others, their purpose lies in their responsibilities to their family or friends.
