Part of my poetry practice last year and this year was reading more poetry and reading more about poetry. Peter Sansom is a noted English poet and teacher of poetry. His Writing Poems was published in the mid nineties, making this book 20 years old and you may well question the relevance of a text two decades out of date.

David Morley discusses where creative writing comes from, the various forms and camouflages it has taken, and why we teach and learn the arts of fiction, poetry and creative nonfiction.
